To The Secretary to the Government of Madras,

REVENUE Department.

Madras.

Sir,

(X)

Reference G.O.No.781 Mis. dated 16th May 1923 requesting me to submit proposals for the utilization of the Urwa Maidan at Mangalore, I have the honour to state that I have consulted the Municipal Council, the District Medical Officer and the District Superintendent of Police.

2. The Council consider that the Maidan should be reserved for the present as a lung for the town. The two officers named concur, the District Medical --- Officer adding that it may be required for occupation -

when portions of the town are evacuated on account of -- epedemics or for the location of health camps. isolation hospitals etc., while the District Superintendent of --- Police points out that it is in use as a range for the - Police and Auxiliary Force.

3. Mangalore has not too many open spaces and it may be possible to convert this Maidan into a park. With the growth of the town which has already extended to Pentland-pet beyond this Maidan I think it would be a wise policy to reserve the Maidan as an open space for the towns-people subject to the privileges, both already exercised, claimed by the District Medical Officer and District Superintendent of Police.

4. I had an idea that the Maidan might be used as the site of a model village for Government servants who would build and eventually own their houses on the ----- cooperative system a portion of the Maidan being set --- apart as sites for the residences of Gazetted officers. There is already a Government Servants Cooperative ---- Society and there would be little difficulty in finding persons to take up sites, but as stated above, influentia opinion with which, on consideration I agree, is in favou of retaining the Maidan as an open space for the public.

5. The two District Forest Officers are seeking sites for the erection of Government residences for ----- themselves and their successors, and it is possible that they may require a maximum of five or six acres out of - this Maidan, situated by the roadside. There are ----- alternative sites, but I do not know whether the -------- Conservator, who is expected next month will approve of them. If he considers and Government agree that the -- site on this Maidan is essential, I recommend in view of paras 2 to 4, that the reservation for Government servants be limited to that one.

Your obedient servant,

For Collector. 20/7
